### **DETAILED ACTION**

Applicant's amendment and remarks received 09 December 2008 have been fully considered. Claims 1-5 and 7 are therefore allowed with the additional limitations included.

#### ***Examiner's Statement of Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or reasonably suggest the retardation of a nematic liquid crystal to vary with the tilt angle, wherein the voltage level at which the rate of change in the retardation with respect to temperature becomes zero displays a red or purple color in addition to the accompanying features of the independent claim. Additionally, See Specification, Page 16 and Applicant's arguments received 09 December 2008.

**Therefore, claims 1-5 and 7 are allowed.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

#### ***Conclusion***
